

funding. Before the closeout of the disaster contract, the Grantee must certify that all such projects were completed in accordance with FEMA approvals and that the State contribution to the non-Federal share, as specified in the FEMA-State Agreement, has been paid to each subgrantee. Such certification is not required to specify the amount spent by a subgrantee on small projects. The Federal payment for small projects shall not be reduced if all of the approved funds are not spent to complete a project. However, failure to complete a project may require that the Federal payment be refunded.

(b) *Large projects.* (1) The Grantee shall make an accounting to the RD of eligible costs for each approved large project. In submitting the accounting the Grantee shall certify that reported costs were incurred in the performance of eligible work, that the approved work was completed, that the project is in compliance with the provisions of the FEMA-State Agreement, and that payments for that project have been made in accordance with 44 CFR 13.21, Payments. Each large project shall be submitted as soon as practicable after the subgrantee has completed the approved work and requested payment.

(2) The RD shall review the accounting to determine the eligible amount of reimbursement for each large project and approve eligible costs. If a discrepancy between reported costs and approved funding exists, the RD may conduct field reviews to gather additional information. If discrepancies in the claim cannot be resolved through a field review, a Federal audit may be conducted. If the RD determines that eligible costs exceed the initial approval, he/she will obligate additional funds as necessary.

Within 90 days following the receipt of the requested additional information or following expiration of the period for providing the information, the Regional Director or Associate Director/Executive Associate Director will notify the grantee in writing of the disposition of the appeal. If the decision is to grant the appeal, the Regional Director will take appropriate implementing action.

his or her discretion, submit the appeal to an independent scientific or technical person or group having expertise in the subject matter of the appeal for advice or recommendation. The period for this technical review may be in addition to other allotted time periods. Within 90 days of receipt of the report, the Regional Director or Associate Director/Executive Associate Director will notify the grantee in writing of the disposition of the appeal.

(e) *Transition.* (1) This rule is effective for all appeals pending on and appeals from decisions issued on or after May 8, 1998, except as provided in paragraph (e)(2) of this section.
